

ELEMENTOS LTD AGREES TO \$2 MILLION LOAN FACILITY

A POTENTIAL Tasmanian miner has arranged a \$2 million loan facility expected to help progress towards a tin mining project in Spain. Elementos Limited aims to complete a definitive feasibility study for its Oropesa project in Spain

in the second half of 2019 and hopes to achieve its first production around late 2021.

It hopes to start tin production at its Cleveland project, near North-West Tasmanian ghost town Luina, around late 2022.
